

## Use of College Lawns during Easter Term

---

Before the end of Undergraduate exams in the Easter term, students will be permitted to sit out on the lawn in the Bursar's Garden and/or on Old Court Lawn. This is to provide peaceful space(s) for quiet work and relaxation. Students will not be permitted to use Old Court Lawn as a thoroughfare, as this will damage it. The Dean of College will notify students of the specific dates and times during which use of each of the two lawns will be allowed. The Dean will instruct the Head Porter that the porters should close any lawn that is being misused immediately, for the rest of the day. The Dean will reserve the right, in consultation with the JCR President, to temporarily or permanently close any lawn that is being consistently misused.
