

Funding of Food and Drink

The JCR budget will not provide funding for food or drink for any societies applying for funding as of JCR budget 2022, with the exception of 'Squash' events, and any other events subject to Active Policies. This includes money for snacks, soft drinks and alcohol, unless there is sufficient justification for an exemption to be approved by the committee. Exemptions to this policy are to be approved by the committee, provided sufficient justification is presented to show the given society is particularly reliant on food and drink. The funding of alcohol in particular will be brought to open meeting before approval. The JCR will not retrospectively refund spending of any kind on food and drink.

Kit Edgecliffe-Johnson
JCR Vice President 2021
